

WCDSB Leadership

We know that leadership is second only to classroom instruction among all school related factors that contribute to what students learn at school. It is not enough to have good intentions. We are required to be competent and knowledgeable in our field. We will develop this and grow in this area as we serve.

Leadership Learning Series

Overall Goal:

To build coherence by developing leadership capacity to support the achievement of goals outlined in the Strategic Directions Plan and the Board Improvement Plan for Student Achievement.
