Basis of Reporting

This report is prepared in support of Ontario Regulation 320/26, section 4(3), which requires the Board to publish the honorarium paid to each board member for the preceding year of the member's term of office.

Amounts are presented in Canadian dollars and represent trustee honoraria paid during the reporting period. Expense reimbursements and other Board-related expenses are not included.

The honorarium amounts disclosed in this report are gross amounts. Net payments received by trustees may differ due to statutory payroll deductions such as income tax and CPP contributions.

The reported amount for each year is to remain on the Board website for the member's entire term of office.
